

e NEWSLETTER OF BARIPADA MUNICIPALITY FOR 3rd QUARTER

ସବୁଜ ସୁନ୍ଦର ଆମ ବାରିପଦା, ଅମୃତସହର... ବାରିପଦା ପୌରପାଳିକା

GRIEVANCE REDRESSAL

Baripada Municipality has introduced Citizen Complains Services system for receiving & Compliance Public Grievance. The Grievances shall be forwarded to the concerned Department/Section of the respective ULB depending on the nature of Grievance for further action. The Corresponding sections staff will attend the complaints in given time period and send a reply back to the Citizen Complains Services system in our Baripada Municipality Website www.baripadamunicipality.in. The reply sent from the corresponding department/Section to the Integrated Citizen helpdesk will be sent to the complainant. The complainant who uses internet can also check the status of his grievance through the web. This proposed system provides periodical reports on status-wise complaint list, department-wise pending complaints, etc. to the higher authorities for monitoring the efficiency and progress of grievance redressal.

ENVIRONMENTAL PROTECTION

Baripada Municipality motto is to make the city sanitized, healthy and liveable and ensure sustain good public health with best environmental out comes . Keeping that in view the Solid Waste Management Proposal has been developed with the objective of proper and effective collection, segregation, transportation, processing and disposal of Municipal Solid Wastes. Baripada Municipality Corporation has introduced door to door collection of garbage . Everyday Baripada Municipality collects and transport approximately 50 MT Solid Wastes from the city by its own Mechanisms at theRagunathpur, Ward No-22 dumping yard. The slums are given a special attention by squad approach .Baripada Municipality has a proposal to establish a Solid Waste Management Plant in PPP mode for more scientific disposal and 100 % door to door coverage.

Citizen Centric Service. •

Faecal Sludge Septage Management-

The Faecal Sludge Septage Management cell (FSSM) is an initiative to streamline the ongoing FSSM program at the ULBs in the state of Odisha. With the emphasis of Govt. of Odisha to make Odisha clean and healthy, FSSM is the focus of the Govt. of Odisha FSSM program is being implemented effectively in nine AMRUT towns of Odisha for last two years. With this success, the H & UD Department, Govt. of Odisha aim to expand the work to all the ULBs in the state. In this context, putting certain regulatory mechanisms and effective bodies at the ULBs would galvanize the momentum.

The main aim is to ensure safe disposition, transportation & treatment of human excreta through construction of septic tank and connection of latrine pipes with it.

In this regards, various processes have been channelized for the success of FSSM project. Such as installation of global processing system or vehicle tracking system to the cesspool vehicles, which is being constantly monitored, so as to avoid indiscriminate desludge of faecal sludge .At the same time the Odisha Water Supply & Sewerage Board (**OWSSB**) has completed the construction of FSTP (Fecal Sludge Treatment Plant) or Septage Treatment Plant .At present the plant is undergoing hydraulic testing and shall start its operation from 30th January, 2019.

Temporarily Deep**row entrenchment** has been made for temporary safe disposal of faecal sludge.

Various information education and awareness resources (IEC) has also been designed and used for the dissemination of FSSM messages.
